We are WRUW-FM. We are a collection of people rather than a bunch of machinery. If you turn to 91.1, people will come out of your speakers, instead of commercials. Also blues, folk, classical, rock, and a lot of jazz, will come forth along with our own public affairs programs and tapes from Pacifica, and an hour long news show every week-day. We believe everybody should have access to us, and encourage you to come down to the basement of Mather Building, or call us at 368-2208 if you want to be a part of us.

the pages of Marowitz's *Bluffer's Guide to Psychology* were showing wear by the end of the performance.

I urge you to attend this performance, however. Overall the acting is good. The struggle of man of action versus man of ideas is clearly illustrated in a wrestling match between Fortinbras and Hamlet in which the actors display logic and physical skill. The stage movement has a wide range of variance—from dance to acrobatics.

The innovative use of the

ing recitals will again be offered by professors Herstand, Farris, and Albers, and M.F.A. recitals will be held featuring M.F.A. candidates in acting.

Kenneth Albers, professor of acting, confides, "The amount of activity around this theatre is almost overwhelming at times, but it's incredibly exciting and challenging to work in such an atmosphere. We may be gluttons for punishment, but if we could find enough time for four more major productions, we would probably be doing them. This is the theatre, and it's beautiful!"

Season tickets are now on sale for the four major theatre productions. Student season tickets sell for \$3, a savings of \$1 over the regular price during the season. In addition, if a season ticket is redeemed for opening night performances, the holder will be given one complimentary ticket to use for a guest. Season tickets may be purchased in Thwing, Tomlinson, and at the Theatre in Eldred Hall Ticket Office.
